

***Holliday Utility Services is the only EZ Valve installation contractor in South Carolina, and one of a few in the southeast with this new technology.***

***Holliday Utility Services installs the newest designed insertion valve, the AVT EZ Valve from 4 to 16 inch. Valves are added under pressure without turning off customers water. There's no loss of pipe integrity. Currently there are over 11,000 installations of the EZ Valve worldwide. Valves meet AWWA C-509 Standards for Material Specifications. Rated to 250 psi. Only one excavation required to install valve, no pre-digging to verify pipe diameter or type.***
